Sir,

I herewith request you, kindly to provide me with a certificate of sanction of the Government of Mysore for applying for an emergency Commission in His Majesty's Indian Land forces. I am a native of Mysore, serving now, as a research assistant, to the Imperial Agricultural Chemist, I.A.R.I, New Delhi. I have already obtained a certificate of eligibility for service in British India under section 96 A of the Government of India Act. A copy of it dated 27th Oct 1936 from Bangalore is with me. The certificate is No 563-9B dated 8th Oct 1936 from the Foreign and political Department Delhi. The General and Revenue Secretariat Memo from Bangalore is No P 2830. In case it is necessary to get full information about me, it can be obtained from my dossier retained in the protection Branch G.R. Secretariat Bangalore for the document mentioned above. As the time for the application is drawing near I would thank you, kindly to supply me with the necessary sanction at the earliest possible date.

Since the Candidate is a Mysore State Subject, perhaps he may be asked to submit his application through this Govt. After Verification of his character and antecedents the same may be sent to the Resident for transmission to the officer specified by the applicant. There is one question of this Govt issuing a Certificate of sanction, as desired by the applicant. The question of a Declaration of eligibility arises only in the case of Civil Officers. From The D. M. Madras
Cr. 26/42-41 Dated the 21st Jan-41
forwarding the application of Mr. M. N. Bhavani Shankaran.

The D. M has sent Mr. Shankaran's applications both for Emergency Commission & Pilot Reserve.

The Madras Chief Pilot Instructor's Certificate attached to the latter application shows that the applicant has proved too slow at learning. Further the recent interview took place at the Residency yesterday for the selection of applicants for Pilot Reserve and it was late some months for another interview. As such his application for an Emergency Commission will be out of order. It is for consideration whether Mr. Biscoe's Certificate be attached to this application viz. Para 2 of this Certificate. Submitted for orders with a letter to the Resy

RS 24/6

The certificate given by Mr. Tyndale Biscoe indicates that though his training for Air Pilot course had to be discontinued as he "proved too slow at learning" he may yet be selected for the post of "observer in the crew of an aeroplane". Mr Biscoe also recommends the Candidate as "in all respects fit to hold a commission in H. M. Forces."

EMERGENCY COMMISSIONS IN HIS MAJESTY'S INDIAN LAND FORCES.

SIR,

At present applications for emergency commissions are received direct by District Headquarters and referred to district authorities for verification. On such a reference being made, it is sometimes found that not only are the applicants unsuitable, but that they did not in fact ever mean to apply for, or hope to receive commissioned rank. To obviate delay and misunderstanding, District Headquarters and the Government of Madras propose that, in future, district authorities should be given a stock of application forms and that applicants should be directed to apply, in the first instance, to their own district authority. By this means the district authority would be enabled to make the applicant's position quite clear at the beginning, to eliminate unsuitable applicants, and to ensure that District Headquarters received applications from suitable persons only.

2. The details of the proposed procedure are as follows. The applicant applies either to his Collector or to District Headquarters; in either event, he receives an application form which he fills in and hands to his Collector, after having had it certified and recommended by two responsible referees. The Collector then interviews him in his official capacity and, unless he considers the applicant to be totally unsuitable, forwards the application, after verification by the Police, and with his remarks thereon, to the central civil authority. The central civil authority periodically sends on batches of applications to Headquarters, who register them and, on receiving the periodical total requirements for central interview at Army Headquarters, India, selects, from the applications received, certain applicants to be asked direct to attend for interview as required. The essential advantage of this system is that only applications from suitable persons reach District Headquarters and then only after civil and C.I.D. verification is complete.

3. I am directed to enquire whether the Government of Mysore would consider the adoption of a similar procedure in which their Deputy Commissioners would take the place of Collectors and their Government the place of the central civil authority. The channel of communication between the central civil authority and District Headquarters would remain, as is normal, this Residency. I am to ask for a very early reply.

4. Should this procedure be agreed to, I am to request that

it should receive the widest possible publicity throughout the State. A suggested Press Communique is enclosed.

Emergency Commission in His Majesty's Indian Land Forces.

- - - - -

At present applications for emergency commissions are received direct by District Headquarters and referred to district authorities for verification. On such a reference being made, it is sometimes found that not only are the applicants unsuitable, but that they did not in fact ever seem to apply for, or hope to receive commissioned rank. To obviate delay and misunderstanding, District Headquarters and the Government of Madras propose that in future, district authorities should be given a stock of application forms and that applicants should be directed to apply, in the first instance, to their own district authority By this means the district authority would be enabled to make the applicant's position quite clear at the beginning, to eliminate unsuitable applicants, and to ensure that District Headquarters received applications from suitable persons only.

2. The details of the proposed procedure are as follows. The applicant applies either to his Collector or to District Headquarters; in either event, he receives an application form which he fills in and hands to his Collector, after having had it certified and recommended by two responsible referees. The Collector then interviews him in his official capacity and, unless he considers the applicant to be totally unsuitable, forwards the application, after verification by the Police, and with his remarks thereon, to the central civil authority. The Central civil authority periodically sends on batches of applications to Headquarters, who register them and, on receiving the periodical total requirements for central interview at Army Headquarters, India, select from the applications received, certain applicants to be asked direct

to attend for interview as required. The essential advantage of this system is that only applications from suitable persons reach District Headquarters and then only after civil and C.I.D. verification is complete.

3. I am directed to enquire whether the Government of Mysore would consider the adoption of a similar procedure in which their Deputy Commissioners would take the place of Collectors and their Government the place of the central civil authority. The channel of communication between the central civil authority and District Headquarters would remain, as is normal, this Residency. I am to ask for a very early reply.

4. Should this procedure be agreed to, I am to request that it should receive the widest possible publicity throughout the State. A suggested Press Communique is enclosed.

EMERGENCY COMMISSIONS.

His Majesty's Indian Land Forces.

1. For the duration of the war persons recruited as officers are being given "Emergency Commissions" which commissions are terminable at the end of the war. After the war a certain number of officers will be selected by merit from the emergency category and given permanent commissions. The number so selected will depend on post-war establishments.

2. On selection for an emergency commission candidates will be sent as cadets for a period of training (six months approximately) either to Dehra Dun or Mhow, or to some special technical training establishment. At the end of their training, and if satisfactory, these cadets will be gazetted as emergency commissioned officers.

3. GENERAL QUALIFICATIONS.

(i) Must have the personality and social status which will enable them to command the respect and obedience of those whom they would lead, *i.e.*, the Indian soldier.

(ii) Good general education.

(iii) Must be ready to mix freely with all classes.

(iv) Physically fit.

(v) Must have a fluent and thorough knowledge of English and ability to express themselves in English. This is *most important* and special stress is laid on this qualification.

(vi) Must not be considering other employment such as will prevent their carrying out the full course of training and fulfilling their military obligations.

NOTE.—From experience gained in sending candidates to the Central Interview Board at DELHI|SIMLA, the standard of education expected is high. Successful candidates have been those with good general knowledge, high intelligence, knowledge of current world topics and good ability to express themselves in English on any subject of general interest.

Finally they must be prepared to serve in whatever capacity their qualifications most suit.

4. The Army is divided into technical and non-technical arms as follows :—

(a) Non-technical .. Cavalry.
Infantry.
Artillery.
R. I. A. S. C. (General Duties).

The age limits are from 21 years to 30 years (must not be passed 31st birthday). No special qualifications are required beyond those given in paragraph 3.

(b) Technical .. Indian Engineers.
Indian Signals.
Royal Indian Army Service Corps.
Indian Army Ordnance Corps.

The details of age limits and qualifications for technical units are given in an appendix attached.

5. Pay and Allowances are as follows :—

(a) On joining as a cadet and until gazetted—Rs. 300 per mensem.

Cadets are required to pay for their messing and personal servants when under instruction. The charges for these are moderate and well within the pay.

An Outfit Allowance of Rs. 533 is given. This is expended under the supervision of the Officer Commanding the Training Establishment to which posted.

(b) On being gazetted as a 2nd Lieutenant Emergency Commission—Rs. 340 per mensem.

All expenses in travelling to and from interviews for selection, and on posting to a training school, etc., are paid by Government in accordance with the Military Rules.

(c) Officers gazetted to technical arms receive extra allowances according to their rank. These allowances are called " Corps Pay ". Details are not given in this note.

6. Promotion from 2nd lieutenant to lieutenant is by length of service and is granted after 1½ years ; promotion to Captain or Major to complete the requisite establishments in those ranks.

7. Applicants for commissions who are permanently residing in the civil districts referred to in Appendix " B ", should write for the requisite form to the Recruiting Authority shown therein.

8. Candidates from Indian States are required to obtain the consent of the State Authorities *before* applying.

APPENDIX " A ".

1. Technical categories are as under :—

Indian Army Ordnance Corps (Ordnance Mechanical Engineer).

Indian Army Ordnance Corps (General duties).

Indian Engineers.

Indian Signals.

Royal Indian Army Service Corps (Mechanical Transport).

Royal Indian Army Service Corps (Supply).

2. The basic qualifications are the same for technical and non-technical personnel, and the fact that an individual has high technical qualifications must not be allowed to influence selection for commissioned rank if such individual is lacking in the basic qualifications.

Qualifications.

(i) *Indian Army Ordnance Corps (Ordnance Mechanical Engineers).*—Age limits—25 to 35 years (must not have passed 36th birthday).

(a) *General Education.*—The minimum should be matriculation standard.

(b) *Technical Education.*—It is not sufficient to be satisfied that the candidate has had a technical education. The important point is to ensure that he has actually benefited by it, *i.e.*, he has assimilated and retained fundamentals and is able to apply his knowledge to practical engineering problems.

(c) *Practical training.*—Practical training must be regarded as of paramount importance ; a definite apprenticeship is most desirable. This may, of course, be sandwiched with a university course. As well as being trained in fitting and turning, candidates should have some experience in allied trades, such as pattern making, moulding, etc.

(d) *Experience.*—It is not possible to lay down hard and fast rules for the experience required. This will depend largely on the age of the candidate. In the case of a candidate, say 35 years of age, it is desirable that he should have already held some responsible post. In the case of young men, extensive experience cannot be expected but the candidate should be able to satisfy the interviewer that he has the groundwork and fundamentals necessary for the duties of an O. M. E.

(e) *General.*—It is desirable that the candidate should have had some experience in the control of labour.

The general impression conveyed should be that the candidate has the character that will carry out an order, and the personality that will ensure that his own orders are carried out.

(f) *Qualifications.*—They must either have :—

(i) an engineering degree,

or

(ii) passed the graduateship examination for either the Institute of Mechanical Engineers or Institute of Automobile Engineers,

or

(iii) held such a responsible position in an approved engineering firm as would require qualifications at (i) or (ii) above.

(ii) *Indian Army Ordnance Corps (General Duties).*—Age limit—25 to 35 years (must not have passed 36th birthday).

(g) *General Education.*—Minimum educational qualification B.A./B.Sc.

(h) *General.*—As for para. (e) above.

(i) *Qualifications.*—Knowledge of any of the following :—

Administrative work in any large industrial firm with salary of not less than Rs. 350 per mensem, *viz.* :—

Textiles, Oils, Paints, Chemicals, Explosives, Timber, Leather.

(iii) *Corps of Indian Engineers.*—Age limits—21 to 32 years (must not have passed 33rd birthday). Lower age limit for serving soldiers is 24.

(j) *Education.*—Must possess either an engineering degree from a recognised British or Indian university, the Civil Engineer Class Diploma from the Thomason Civil Engineering College, or the diploma, Final Examination, of the Punjab College of Engineering. A candidate's application will be considered, pending the result of final examination for any of the above qualifications, provided that the Principal of the Engineering College concerned certifies that he has sat for this examination.

(k) *Experience.*—Practical engineering experience is not essential in the case of young candidates. It is, however, necessary in the case of candidates over 27 years of age that they should have had experience particularly of civil or structural engineering.

(l) *General.*—Candidates must possess the general characteristics and personality necessary for a junior Sapper and Miner subaltern.

(iv) *Corps of Indian Signals.*—Age limit—21 to 30 years (must not have passed 31st birthday) Lower age limit for serving soldiers is 24.

(m) *General Education.*—The minimum should be matriculation standard.

(n) *Qualifications.*—Must have an Electrical Engineering degree or have sufficient practical experience in tele-communication and electrical engineering to enable a candidate, after a course at a cadet training centre, to qualify to the standard of electricity, magnetism and wireless required by an officer of an Infantry Brigade, or Artillery Regiment, Signal Section of Divisional Signals.

(v) *Royal Indian Army Service Corps (Mechanical Transport).*—Age limit 21 to 26 years (must not have passed 27th birthday). Lower age limit for serving soldiers is 24.

(o) *General Education.*—The minimum should be matriculation standard.

(p) *Qualifications.*—Must have practical experience in repairs of M. T. Vehicles or the operation of M. T. vehicles.

(vi) *Royal Indian Army Service Corps (Supply Branch).*—Age limit 25 to 35 years (must not have passed 36th birthday). Lower age limit for serving soldiers is 24.

(q) *Registered Accountants.*—" Registered Accountants " is the Indian equivalent on the home " Chartered Accountants ".

My Dear Kesavaiengar,

I am desired to refer to the particulars given in the enclosure to your demi-official letter No.Pol.1445/War dated the 3rd May 1940, regarding S. Ahmed in which it was stated that there was nothing adverse against him and to the enclosed Mysore Police report, which was received in the course of routine consultation between the Commissioner of Police and the Inspector-General of Police, Mysore, in an entirely different connection - a reference from the Madras C.I.D to the effect that S. Ahmed had been heard while in Karaikal to express anti-British sentiments.

2. The Resident would be grateful if in future, care could be taken to arrange that the original police of candidates for emergency commissions are not perfunctory.

Yours sincerely

Rajasevaprasaktha B.T. Kesavaiengar Esq., B.A.,
Chief Secretary to the Government of Mysore,
Bangalore.

Re. S. Ahmed - Military Cadet.

S. Ahmed is the second son of Dr. Zainulabadin, Retired Assistant Surgeon of the Mysore Medical Service. He has not had much education and is not well-spoken of.

About the 19th of September 1937, he is said to have enticed and taken away one Laxmibai alias Sunderabai, aged 18 years, wife of one Givinda Rao, of G.S. Sindhe & Sons Opticians, New Market, Bangalore City. He stayed with her in a hotel near the City Railway Station for about three days and sent her away. As her husband refused to have anything to do with her, she went away with her mother, Savitramma, saying she would wait till she got another man. References to this incident are made in the Station House Diaries of the Central Police Station, Bangalore City, dated 21.9.37, 28.9.37 and 29.9.37. In her statement before the Central Station Police, she stated that Ahmed alias Ameer Sab took away a pair of earrings and a pair of silver ankle chains belongingto her.

About tow years ago Ahmed is stated to have joined the Mysore Military Service at Bangalore. He did no fare well in this department. It is said that he absented himself and was treated as a deserter.

He applied for an emergency commission recently and is said to have interviewed the Recruiting Officers abou three months ago. He is said to be on the waiting list for active service.

All his contacts are said to be undesirable.

The eldest son of Dr. Zainulabadin was one N. Ahmed, ho was a 2/Lt in the Indian Territorial Force at Bangalore. e gave up this to take up service under the Prince of Arcot t Madras. While in the Service of the Prince of Arco[redacted] e is said to have been involved in a love affair in which e was disappointed. As a result of this he is said to ave committed suicide by shooting himself.

Dr. Zainulabadin belongs to Vellore. He is now n the Hyderabad Medical Service. He did not come to adverse otice in the Mysore State.

November 14, 1940

My dear Kesavamurthi,

With reference to your Secret D.O. letter No. 2071/CB dated the 11th instant, regarding one S.Ahmed, I enclose for your information, copies of letters received from the Commissioner of Police, Civil and Military Station, Bangalore, and the reply sent by the Superintendent of Police, Special Branch in Mysore, enclosing the report referred to, after submission to Mr.Peel. The enquiry in April 1940 about the eligibility of this candidate for Emergency Commission was made by the Political staff of Bangalore City and is found to have been restricted to the political contacts and activities of the individual.

Subsequently, there was an enquiry from Mr.Green, Commissioner of Police, Civil and Military Station, Bangalore, regarding the private life of S.Ahmed, furnishing information about his association with some lady. On the basis of information, ~~this~~ enquiry was made by the Sub Inspector of the Special Branch of my office and a copy of his report was sent to the Commissioner of Police, Civil and Military Station, by the Superintendent of Police, Special Branch.

The Superintendent of Police, Bangalore City, has now taken disciplinary action against the officer responsible for the first enquiry.

Instructions have also been issued by me now to all the Superintendents of Police of Districts, to personally interest themselves in all such enquiries and to satisfy

themselves that a thorough enquiry has been made by their subordinates before they send their reports.

It is ascertained from the Chief Commandant's office that S.Ahmed was taken as acting Lance - Daffedar on 15-2-39 in the Mysore Infantry and was discharged on 24-2-39.

Yours Sincerely

Rajasevaprasakta

B. T. Kesavaiengar, Esq., B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

D.O. letter No.F.C.123/40-41 dated October 29, 1940, from the Superintendent of Police, Special Branch in Mysore, Bangalore, to the Commissioner of Police, Civil & Military Station, Bangalore.

Please refer to your Secret D.O. letter No.S.B.743/40 dated 11-10-40 regarding one S.Ahmed son of Dr.Zainulabadin, Retired Assistant Surgeon, Malleswaram, addressed to the Inspector-General of Police in Mysore, Bangalore.

I am desired to enclose for your information a copy of a report dated 28-10-40, of the Sub Inspector of Police, Intelligence Branch, Bangalore City, about S.Ahmed referred to above.

Secret D.O. letter No.SB/743-40 dated 11th October 1940, from the Commissioner of Police, Civil & Military Station, Bangalore, to the Inspector-General of Police in Mysore, Bangalore.

It is reported that one S.Ahmad, son of Dr.Zainulabdin, Retired Assistant Surgeon of the Mysore State Service, residing at Malleswaram, Bangalore City, recently visited Karaikal with a lady whom he called his wife. Ahmad stated that he was a military cadet and that he is on the waiting list for active service. Whilst at Karaikal, he expressed anti-British sentiments and spoke in disparaging terms regarding Their Majesties.

Would you kindly let me have anything of interest about S.Ahmad and his family.

I hope you will forgive me troubling you over a personal matter. I wrote at the outbreak of the present war to the authorities concerned that I would gladly work honorarily in Bangalore for war purposes if I was offered a Commission. I have received help in many ways, in that my sons have been taken into the Army, my gift of Chrome Ore has at last been accepted. But so far as my own services are concerned they have not yet been accepted. As I am a Mysore State subject, I shall be grateful if you will be good enough to forward my request for a Honorary Military Commission to the authorities concerned. Will you kindly do this for me expeditiously please.
